

ENGINEERED

KENTWOOD™
ORIGINALS

ENGINEERED

Kentwood Originals Engineered floors offer the elegant appearance of a traditional solid wood floor with the superior stability of engineered construction, which permits installation below grade and over concrete, making them ideal for condominiums and high rises. Offered in 3½" (90mm) strip and 4¾" (120mm) wide plank options, in a deluxe array of species and designer colors.

WARRANTY

All KENTWOOD ORIGINALS products carry a 25 year residential wear warranty. For complete installation instructions, warranty information & product specifications please visit kentwoodfloors.com.

KENTWOOD ORIGINALS floors are made from real wood, not a manufactured imitation. Because wood is a natural material, every piece of KENTWOOD ORIGINALS flooring will have a unique appearance, often with naturally-occurring variations in color, texture and grain pattern. Showroom samples and photographic reproductions can give an example of the product's appearance but they may not be representative of the full range of color, texture and grain variations which can occur in the product itself. The product images on this chart are intended for reference only and should not be considered as representative of the product's actual appearance. Note: Product selection may vary by area. Product selection and specifications are subject to change without notice. The trade-marks KENTWOOD ORIGINALS and KENTWOOD are owned by Kentwood Floors Inc. and are used under license.
